

# RITIKA KUMARI

Patna, Bihar | 9931110011 | kumariritikak2000@gmail.com

## OBJECTIVE

---

Aspiring to secure a rewarding position in a forward-thinking organization where I can actively contribute to its success while furthering my own personal and professional development. Eager to immerse myself in a dynamic work environment that encourages innovation and collaboration, and where I can leverage my skills and fresh perspectives to drive impactful solutions and initiatives.

## EXPERIENCE

---

### BITWORK LABS PVT LTD.

Frontend Development Intern

January 2024 – June 2024

- Completed a 6-month internship focused on frontend development.
- Designed and implemented web application frontends, integrating seamlessly with backend APIs.
- Analysed projects to streamline development and enhance user experience.
- Created and managed APIs using Directus for application functionality.
- Collaborated with cross-functional teams to deliver high-quality web applications .

## PROJECT

---

### Attendance and Payroll System – Vue.js , Quasar Framework , Directus

February 2024 - Present

- Developing a comprehensive payroll system using Vue.js and Quasar Framework for the frontend, and Node.js for backend services
- Managing databases with MariaDB and creating APIs with Directs to ensure smooth communication between frontend and backend systems.
- Implementing user authentication and role-based access control to secure sensitive payroll data.
- Designing user-friendly interfaces for attendance tracking and payroll management.
- Conducting regular testing and debugging to maintain system reliability and performance.
- Gathering user feedback to iteratively improve functionality and user experience.

### WEB DEVELOPMENT PORTFOLIO – HTML , CSS , JavaScript

October 2022 – January 2024

- Designed and developed a personal web development portfolio showcasing various projects and skills using HTML, CSS, and JavaScript.
- Created a Jewellery Clone Website and a Traveller Information Form using HTML and CSS, demonstrating proficiency in front-end web development.
- Implemented responsive design techniques to ensure accessibility on various devices and screen sizes.
- Utilized JavaScript to add interactivity and dynamic content to the portfolio.
- Integrated a contact form and other interactive elements to enhance user engagement.
